Secondary Student Volunteer Award

The 2015 Secondary Student Volunteer of the Year is **Teighlor Barrett**.

Teighlor is a dedicated young woman who has accumulated many hours of volunteering to the benefit of both her parish, St. Joseph's, and to the Nicholson School community. She was an altar server for seven years and then moved on to be a leader for Children's Liturgy. She has been in the Parish Youth Group, and volunteers regularly at the Annual Children's Christmas Party, the Parish Picnic and summer Church Camp. Teighlor is also very active within her school community. She leads homeroom activities and is always ready to read announcements. She committed her time and energy to participate in the last two "Relay For Life" events in support of the Canadian Cancer Society. Teighlor dedicated many hours of her time to the school's production of "Grease", as well as participating on Student Council, Duke of Edinburgh, and many athletic teams. She is a member of the Social Justice Club and has played a vital role with the Jamaica Mission Team. Teighlor is a student who is well-rounded – academically, physically through sports, spiritually through her commitment to her parish. She consistently demonstrates care and concern for her community through strong volunteer efforts.
