## *"Learning about, in and for God's gift of Creation"*

More than 160 students and staff took to the outdoor classroom at the annual Best Foot Forward conference, held at the H. R. Frink Outdoor Education Centre north of Belleville. The day included workshops in traditional foods, teepee teachings, turtle teachings, team building and experiential games, Give Me Shelter, walk the watershed and school ground cleaning. The day began with the EcoSchools Recognition Awards Presentations to schools that have achieved various levels of certification.
