Honouring the legacy of Terry Fox

Students, parents and staff at Our Lady of Fatima Catholic School in Belleville took up Terry's Challenge in their annual Terry Fox School Walk on September 25. After gathering in the gym for prayer and warming up, the school community paraded outside to complete over 1,400 laps of their school yard in less than one hour! As they walked, jogged and ran, students focused on challenging their own fitness levels, which is part of this school's Wellness focus for this year. Classes used lap counters to do proportional math reasoning in comparing their results from class to class, and to Terry's distance. Financial pledges gathered by students will compliment cancer research dollars gathered across the country.
